“ I will always remember Goldie and my parents sitting in the same place every Sunday for years. Her weekly calls to my mom and waving to her when she was outside gardening.
She was a distant cousin but she always felt like a close family member.
My thoughts and prayers are with all of the Stalbirds who took such great care of her over the last few months.

“ While attending Waterbrook I was privileged to get to know Goldie. She was always smiling and telling me one of her funny stories. She always called me every so often and would ask me how Teddie and I were doing. I will miss those calls from her now.
