“ *I just want to let the family of Andrea know that she was a long time friend and I will cherish the memories we had together. The times we went to the beach together and dances and parties and when her and Danny came to the house to put food together for the funeral of my brother. We had a long history together and I will not forget all the good times. She will truly be missed by many who had the opportunity to get to know her. Rest in peace my dear friend. I will see you on the other side.*
