“ *Not just my sister, but a best friend. I will always miss you and you will be forever in my heart. So many memories and probably the most memorable was the time when you were 12 or 13 and I caught you and a family friend giving each other the middle finger. When I asked what it meant, you told me it meant "go to hell". Well, for at least 40 years, that's what I believed. Barbara Jean, You are Forever in My Heart, Donna*

“ I loved Bobbie We worked together at Shenandoah Knitting Mills and she was a great friend and worker She always smiles and seemed happy even though sometimes I knew better. She was so happy being married to David. She always had time to talk if just for a little. I will always remember her as my friend. God bless the family and help to carry on. She would want that. Sending hugs to all
