“ *My heartfelt condolences to you, Nancy and Ken, and to all your family....I have thought often, with fondness, of the times that you and I studied together at your home in Mt. Jackson. While not close to your dad, I know that he was an integral part of the Mt. Jackson community, and our reunion committee had just commented on his courage and endurance during the last days. Our thoughts are with you. Much love.*

“ Bill, Steve and I wish to extend our deepest condolences for your loss. Bev was a customer and a friend...so optimistic and full of life. We always enjoyed his visits. We laughed when he told us about his "growth spurt" of two inches when he had his knees replaced a few years ago. He was so hard-working...even this last year when dealing with cancer and carrying his oxygen tank around with him. Our thoughts and prayers are with you during this difficult time.
