“ I remember Daniel's so very cool bedroom in his house, when he was a boy. He had the best taxidermied animals, life-size...even a black bear, if I remember correctly!! It was like a nature museum, Daniel's bedroom. I thought, what an amazing childhood Daniel has, to have a bedroom like that!! It certainly sounds like Daniel grew up to be a cool dude, reading about all of his interests and hobbies and big living extended family. I am so sorry you are gone, Daniel. My family sends love to your family. I am sorry, so sorry, you are gone all much too soon.
