“ *My love was always there even if I was not, talking to you on at the end of February, was precious to me. I loved you more than words will ever say. Thank you for teaching me how to be a good person even when I was not. Thank you for caring for me all these years and looking after me. I owe many things to you and my great uncle LL, both touched my heart forever. Please know that if I were closer I would have been there more for you, I miss you*
