“ *I met Bobby about 10 years ago after my husband passed and I took a booth at Valley Treasure. She had a directness and sense of humor that I enjoyed and made me feel at home. After I quit my booth we maintained our friendship by meeting every once in a while at Candy's or McDonald's for breakfast or when I would just stopping in to say hello. She met my entire cast of friends and family and welcomed them all. She was hard working and kind. She persevered and maintained her independence till the end. A trait I appreciated and admired...and she will be missed. Sincerely, Marilyn Briggs Jackson*

“ *I had a booth at Valley Treasures for about nine years. I always enjoyed chatting with Bobbie and also Kay Kingree when I went in on Sunday afternoons to take care of things there. Both of these ladies were hard workers and so very kind. I know Bobbie's family will miss her a great deal. She was a special person and I'll always remember her kindnesses.*

“ *Bobbie was one of the most special and hardworking woman I have ever had the pleasure of knowing. She gave me such encouragement about life and of course her knowledge of antiques and collectibles. Bobbie will be missed. Our thoughts and prayers are with her family at this time. My wife and I met Bobbi last Spring when I found Valley Treasures. She was always fun to joke with and had a keen wit about her. It wasn't difficult to see why she was behind the counter so late in life...she Loved her job! It was that simple. I saw her two weeks before her death.. Asking how much longer she was going to work, she replied very quickly, "It's not how many years you have on Earth , it's how you manage the years you're given. We don't have the promise of another day."...I couldn't have doubted her because I knew that's exactly how she had lived her life. Good bye for now dear Bobbie. Thank you for your love of life and love of People. Robert and Ginger Carroll

*My sweet dear angel...you just have no idea how much I miss you. How I miss seeing you at the shop, how I miss texting you, how I miss you showing me the pictures of those beautiful twins, how I miss you telling me about your daughter and granddaughter....I just miss you so so much Bobbie. I still can't believe you're not here. I do gain comfort in knowing you are now walking the streets of Heaven without back or leg pain. You are now standing straight and tall once again!!! AMEN for that. Not only did you touch my life after coming to Valley Treasures but you touched to many others. I think of you often and tears still fill my eyes. That's just how important you became to me. I wish I had just one more day to tell you 'I love you' but thank God that we told each other that each time we departed. Now my angel that once walked this earth is walking with God. Goodbye my dear dear beloved friend.
