“ Karen: I was shocked to hear of Jim's passing! Jim was quite a guy and was a valuable part of the team way back when. Each time I think of the patent days on Main St. I smile and remember all the personalities. Jim in particular, with his "statements" coming from behind the dividers and roars of laughter afterwards by the entire room. We will all miss him. Much love to you and the family.

“ Karen, I was shocked when I heard the news! My heart is aching for you & wish I could be there to give you a big hug. At least I can thank God that you have a huge support system & will have more than enough love around you at this difficult time. I live in Ohio now & will not be able to make it down to you this week. Jim, you keep an eye on this girl & keep her straight!!! Love you both so much!
