“ Jan was our neighbor for 22 years and was so kind to us and our kids, who are now adults. We spent a lot of time talking about nature and farms since I grew up on a farm. She was also interested in rain barrels and knew that I had lived in Hawaii and had interests in Japanese culture. She kept our children a couple of times when they were small. She gave wonderful books for Halloween instead of candy and we treasure them! She ended up keeping our outside cat many years ago and our young children didn't understand. I told them that she needed the cat more than us since she didn't have family here. The kids on the cul de sac loved to sled off of her hill. She fed the squirrels and birds. I will miss her sweet spirit and cute giggle. We also miss the lamp posts at night. Although the light is out, the memory of her is still alive. We treasure her friendship and will recall the sweet stories. Love and prayers. Again, Very sorry that we didn't spend more time with her recently. Sincerely, Steve and Lisha Doss, Joshua Okuda, Renee Robins
