“ I met Jesse & Naomi 20 years ago and enjoyed visits to their home sharing our interest in genealogy & his knowledge of the history of Shenandoah County. I especially enjoyed seeing his wonderful canes, walking sticks, and shepherd's hooks. I think of him everyday as I see my collection of his craft in my home. I remember one visit when he took Naomi & I to lunch at the Ben Franklin and then drove us around Woodstock pointing out places of interest. He was 90. Jesse was a fine man of faith and I feel blessed to have known him. My sincere condolences to Naomi & the family.

“ I'm happy I saw my Uncle Jesse just last month in Winchester. I have memories as a child of visiting his home, seeing his coin collections and admiring the many and varied canes and walking sticks he crafted. What an achievement to live for an entire century. My condolences to the family. I wish you peace and comfort, and regret I'll be unable to make it to his memorial.

“ Dear Mary Sue and Aunt Naomi, So glad we saw you all in July when Sarah was here. Uncle Jesse truly lived a long life. I hope to see you at the funeral. Don't know if I will get there for Thurs. or Fri. Aunt Naomi, I will surely miss stopping by to see him and his scrapbooks as we have for the last many years. But I will see you unless you make other living arrangements. Love you. Lois
