“ *Johnnie was the example every man should follow. His life revolved around us 3 girls. He worked SO hard, to give us, literally anything we wanted, he always wanted to spend his time with us, he made us laugh and he loved us EVERY SINGLE DAY. He showed us that love, by caring about us, being involved and showing us, in all the little ways. We are lost beyond words without him, but we know he with us and will continue to protect us, as he always has.*
