“ I grew up knowing Doc & Mrs. Johnson ... spent much time at their home playing with Frank. After leaving and returning to the area I continued to see them around ... then just Mrs. Johnson on her walk when I would go visit my parents .. and we would discuss how she was doing. My parents found it comforting she was still doing well. Doc is missed and now Mrs. Johnson will also be missed. I am truly thankful and fortunate I came to know them. They are what Woodstock is about ... a small town with caring people of all levels working together to forge out a life. I always enjoyed being around them what inspirations! It is sad that part of the town's history and meaning has passed but it is good to know they are in a better place. May God bless their family!

“ Dear Rick, Tom, Frank and Bob, The hearts of all the Flemings go out to all of you. The reunion with your Dad and Mom had to be a very happy one. We loved your Mother and admired so much how she lived her life. We join you in sharing your heavy hearts. It was great living next to all of you and I loved baby sitting with you. It was a great treat seeing your Mother a few years ago when I visited Woodstock. Please know of our love and sympathy for each of you. Love, Jo, (Blacklidge) Kathy, Mickey and Johnny Fleming
