“ Chanda & Tom, Aunt Linda was a very special person and I am so very saddened by her passing. Please know that my thoughts are with you at this difficult time and I share in your grief and send you my love. It seems like only yesterday that I was 16 and taking my first trip to spend the summer with you all. She was so strong, warm, funny and never one to judge. She treated me like an adult back then and I never forgot that and have always held her in a special place in my heart. I hope and pray that your memories of her will bring you consolation and, eventually, peace. Love, Mike

“ Chandra & Tom I was so sorry to hear about your mom. Linda and I went to nursing school together and worked together at Warren and at Shen. Co. Hosp.. The times Linda and I worked on the same shifts, had coffee at her house, talked about our flowers and trees and bushes will always be a fond memory. Please extend condolences to the rest of your family from me. Linda will always be a shining star in the sky. Sherry
