“ *I worked with Mike on the IRS PRIME contract from 1999 to 2013. He started as a "whiz kid", whose knowledge was immediately a benefit to the project. He became my team lead shortly after the project started! Not only was he a good leader, but he personally drove me home to get my 2nd car one icy day when the key fob of the car I drove wouldn't work. We shared a love of sports, too, both as season ticket holders for Washington area pro sports teams! I pray that the memories we all have will be a comfort for a life well-lived! Deborah Harris*

“ Andrea and family. I am very sorry for your tragic loss. Mike was a great friend and business partner. He worked hard to build the highest quality mission critical infrastructure components for our customers. He was very well respected and appreciated by his customers, peers and employees. I will always remember the good times we had playing basketball, racquetball or bowling after work with the guys, followed by a burger and beer at Du Claw afterwards. We would talk about sports, current events and golf. I will always be proud of the high quality, high performance systems built by Mike and his teams that have processed 100s of millions of transactions - - and will go on and process billions more. We will miss you incredibly. Bob Goldberg

*Mr. and Mrs. Fadely, I am very sorry of the loss of your son. I worked with Mike on the CSC IRS PRIME contract. I truly admired him and I will always remember your son. He was very kind and he was very generous with my charities Breast Cancer and AIDS. Him and Bob Goldberg always sponsored me in any charities that I participated to help other people. Mike was very smart young man. I used to have a lot of fun going out with our group. The world has lost a great young man like I used to call him. My deepest condolences to you and the entire family. May he rest in peace. Now you have an angel in heavens.*
