“ I got to know Michael when I worked at Dr Zapantas office. I always enjoyed talking to him when he came in. He loved talking about the Trike that he built. He was so polite and kind. I remember the time they had to shave his beard off and he didnt like that lol. Sending Prayers for Michaels family. May your fond memories bring you peace. Debbie Gooden

“ There was never a more compassionate person than Mike. I became Friends with Mike in the 80's when we both worked for Rockingham Poultry and I managed the Company Store. He would work until 5:00 and we closed at 5:00 so he would always call me and ask me to wait for him. I never minded as he was so thoughtful. In later years as he moved into other positions we still remained Friends and when I retired he made sure to come by and wish me well. My deepest Sympathies to his Family and many Friends.

“ So sorry for the loss of Mike. He will be missed. We enjoyed being with Mike over the years. He would come by to see us when he was in the area or sometimes after work. Mike took Buck to dr appointments in Charlottesville. Mike had a caring heart for people and he was a good guy. Thinking of you all. Buck and Mona Hepner

“ Mike was a great guy. I grew up around Mike. Mike and my dad was good friends when I was growing up, they live beside each other for years. I use to go over to his house while Mike and all his buddies was working on the Harleys. He always showed me what he was doing on the bikes. He gave me a set of his Harley cards out of his set. He was always a careing and likeable guy. I thought a lot of him. He had an imapact on my life and was where my love for Harley's started. I will miss him. He be rideing his Harley on the gloden streets in heaven. Rip. till we meet again
