“ *Aunt Mildred was such a sweet lady who was kind and loving to her family. I am was married to her nephew, Mark Wayne Crabill the son of her husband's brother Roy Mark Crabill. Her family will remember her as a devoted wife to Don and loved him with all of her heart. When we visited with them I always enjoyed time with them both. She loved the color green and so many of her decorations were that color, as well as the walls of her beloved home in Woodstock. She and Don loved to travel and also loved to go to auctions and yard sales. She was a meticulous house keeper and was very organized. I have so many fond memories of her and when I could for many years stop by to see her until I moved to Florida. Lynda Little Crabill*
