“ *One of my favorite memories of Minnie is when we visited the telephone museum, I believe it was Shentel, in Edenburg, and looked at all the old equipment. It reminded us of the old days at NJ Bell and we enjoyed reminiscing. Minnie was a very special person. My sincerest condolences to Karen and family. Sincerely, Sandy Ferns*

“ To the family of Ms. Minnie Richards:

I would like to express my condolences to you for the loss of your mother, grandmother and great-grandmother. It seems so unfair that death should have the power to take away someone you love. It was not God's original purpose for people to die. He created us with the desire to live forever, and he has opened the way for that desire to be fulfilled. Not only does God promise to destroy this enemy, death, once and for all. But he also promises that the dead will live again. This is the hope of the resurrection. They will have an opportunity to live forever on this earth in peaceful and happy conditions just as God originally created us to live. Imagine the joy when Ms. Richards is brought back to life and experience the fulfillment of these promises.
