“ I first learned of Noah from an article about him turning 100. At that time I was on facebook, and I requested all my fb friends send a birthday card. I thought it would be nice to have lots of cards from different places. In my card I wrote my phone number. Noah called me occasionally and I was amazed how sharp he was, and I loved his stories. The crazy part is, while chatting on the phone, we realized we were related. I'm the granddaughter of the late George Dellinger. One of my cousins has a picture of himself with Noah. SMALL WORLD! I have no doubt the love this man must have shared with family and friends.....I envy you all. Until I finally get to meet you in Heaven dear Noah, just remember "God loves you, and so do I". Love and Prayers to his beautiful family.

“ Uncle Noah,

We all knew this day was coming soon as not many make it to almost 106 years old. You have been such a special part of our lives.

You and Aunt Cora came to all our birthday, Easter, Thanksgiving and Christmas dinners and we always looked for a reason to just visit and catch up. Mom, Dad, Granny, Pa, Tracy, and I loved you so much. I remember in your late 90's driving to Tracy's to celebrate Christmas with us. Scott always admired you with your amazing memory and desire to constantly learn new things in an ever-changing world.

I have so many happy memories of our time together and so much laughter shared. You shared your love of our dear Lord Jesus Christ and always had a joke to share.

I submitted something yesterday on your birthday, but I'm not seeing it on your obituary page, so I'm sending it again. I wish you a very happy birthday in heaven. There is no better place to celebrate your special occasion. I imagine Aunt Cora asked you what took you so long.

You will be missed Uncle Noah. But, we have so many fond memories and will never forget you. Until we meet again, enjoy heaven and that reunion with loved ones who have gone before. I'm sure you've already looked up Noah, the famous one from the bible, who build The Ark. I'll say to you what you always told me: God Loves You and So Do I. We love you Uncle Noah.

“ Dear Uncle Noah,

You and Aunt Cora were always a very special part of my life. You were at all our birthday, Christmas, Easter, and Thanksgiving celebrations when we were growing up. Mom, Dad, Granny, Pa, Tracy and I loved you so very much. I know Scott also thought a lot of you and was always amazed at your incredible memory and curiosity to learn new things. I remember you driving to Tracy's in your late 90's for Christmas dinner with us. We sure had a lot of laughs together over the years. You always shared the love of our Dear Lord and Savior Jesus Christ and you always had a good joke to share. I am wishing you a very happy birthday in heaven today!! What an amazing place to celebrate your special day. I'm sure you are looking forward to seeing the loved ones who have gone on before you and I'm sure you will be looking for Noah, who oversaw the building of The Ark. I look forward to seeing you again one day and until then dear uncle, I will tell you what you always said to me - - God Loves You and So Do I. You will be missed very much. Love you!
