“ *I grew up with Robert, he was Bobby to us as kids in Highland County. Had not seen him in over 50 years until about 3 years ago when Doug told him about me and Robert and Fay came down to the car show in New Market. that Doug and I were taking part in. We talked about others we grew up with, bringing back memories long forgotten. Doug had kept Kitty and I up on how Robert was doing during his treatments and we had prayed for his sucess. We know this is a trying time for the family, our thoughts and prayers are with you. God Bless, Robert is in a better place.*
