DR

“ Tracy and my Mother dated for a very long time. I will always look back on those times with fond memories. I was a poor kid, didn't have many friends, had very low self esteem. I remember the day he asked me if I wanted to go to the Mall and get some new school clothes! I was 10/11, and school shopping usually meant going to the Family Dollar. He took me up to the Mall and bought me the most beautiful clothes that I ever saw.. then he took us out to eat at Long John Silvers! Also a first! What I thought would be a one time occurrence ended up being a monthly tradition for many years! He was a funny man, kind, and generous....he taught me how to drive, and he was also there for me in so many ways. I always considered him the closest thing to a Father I ever had, as my Father died before I was born. I will always look back and smile when I think about the good times... listening to his stories about work, watching his strength when he would cut wood...picking me up or dropping me off at the Roller Rink...These are the memories I keep of Tracy...He was good to me and my Mom. I hope he is at peace, and I hope he will look after me and my Son from above... I really wanted to see him at the hospital and tell him all these things in person but, because of Covid-19 that never happened. I hope he knew how much he meant to me. I love you Tracy.
