“ I have taken care of Wanda for about 10 years now and my best memory of her was when Randy would come play music and she would be front and center dancing in her wheelchair and singing along. She would get so close she was almost in the way of his pickin..... or the nights she couldn't sleep and would wander around to the different nurses stations visiting. She loved listening to the chatter and drinking soda and eating potato chips with the nurses. Such a special sweet soul that will be missed..... my heart goes out to Mileah who I could always feel had a part of Wanda's soul in her. RIP sweet Wanda....
