“ Not only did I have the opportunity to work at Holtzman Oil with Will but he happened to be a part of many other areas of my life. I help run a gym in Mt. Jackson and he became a member there and kept promising me he was going to come in and let me train him. He was constantly talking to me about it. Then we decided to join the Eagles and all of us ended up having orientation on the same day. Well, imagine Will's surprise when only a short time later he came into the bar and found me on the other side working as a bartender. I truly enjoyed seeing him come in. I've never met anyone who was always so nice and smiling and could always put a smile on your face. For years I have said I was going to take the whole week of Thanksgiving off and I've never done it. Well, this year I decided to surprise everyone and do it. On that Tuesday my son had a hair appointment in Edinburg and on the way back we stopped at the Eagles. Well guess who walked in that day. We had never managed to both be on the same side of the bar ever and we truly had a blast that day! He picked at me and we talked and it was just a great day! As I arrived for work that Friday evening the day shift bartender came straight up to me and said I'm so sorry about your friend Will because you see she had only seen us in there that one time but she could see the wonderful friendship we shared. That's just one of the many memories I'll have forever. You will truly be missed! You were one of a kind!-Melissa Reel
