“ I remember different times Zonia would call me over to her and ask me if I had lipstick on and I would tell her yes as I usually wore a light color that was suppose to stay on all day . So I am so sorry to read of her passings and I know she will be missed as I still miss my Mom after all these years. So my sympathy to each of you. I retired from Lear in 2000 and now my health is very bad and I am not able to do hardly anything and use a cane and walker. Reckon you, Brenda and John are still working at the plant. So my condolence to each of you. Zonia never let anyone walk over her like I always did. God Bless each of you. Helen

“ As I reflect on the many years of working with Zona and the many lunches at Lear we had - What a unique and giving person. I am sure there are many of us reflecting on the many memories we have had with Zona. The name "catbird" was frequently used when we would pick at one another, and that she was!! She will be missed by many and I so enjoyed working with such an honest, hardworking, spitfire person. My condolences to the family that will miss her too. God Bless.
